WAC LIGHTING

Solorail™

Rod Coupler

Fixture Type:

Catalog Number:

Project:

Location:

Model	Finish
❍ LM-RI	❍ BN Brushed Nickel

Example: **LM-RI-BN**

DESCRIPTION

WAC Lighting low voltage Monorail can be shaped in the field and designed to navigate curves for custom designs. The versatile Solorail™ accommodates hundreds of Quick Connect™ pendants and fixtures. Designed with the thinnest profile in the industry, Solorail™ is engineered for rigorous use in commercial, hospitality and retail applications. Featuring electroplated solid copper bars and precision fabricated components, with a maximum capacity of 25 amperes or 600 watts at 12 volts and 600 watts at 24 volts.

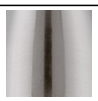
FEATURES

• Dimensions: Dia. 3/8" x 7/8" Length
• Use two per power feed, four per dual power feed, one additional coupler per rod needed when joining two rods in excess of 48".
• 5 year warranty

SPECIFICATIONS

Finish:	Electroplated Brushed Nickel
Operating Temp:	-4°F to 104°F (-20°C to 40°C)
Standards:	UL, cUL, Dry Location Listed

FINISHES:



Brushed Nickel

DESCRIPTION

WAC Lighting low voltage Monorail can be shaped in the field and designed to navigate curves for custom designs. The versatile Solorail™ accommodates hundreds of Quick Connect™ pendants and fixtures. Designed with the thinnest profile in the industry, Solorail™ is engineered for rigorous use in commercial, hospitality and retail applications. Featuring electroplated solid copper bars and precision fabricated components, with a maximum capacity of 25 amperes or 600 watts at 12 volts and 600 watts at 24 volts.

FEATURES

- Use with standoffs and power feeds
- Use two per circuit with rod couplers to extend power feeds
- Field cut to size and join with rod couplers
- 5 year warranty
