

R1GWL

Multi Stealth Wall Wash Trimless

Fixture Type:

Catalog Number:

Project: _____

Location: _____

PRODUCT DESCRIPTION

Multi Stealth recessed features a quiet aperture for a nearly glare free environment. Its linear multi cell form factor features a 1.5" aperture, with availability in up to 5 lengths. This series offers a downlight with 40° visual cutoff, an adjustable with 35° bi-directional tilt, and wall washer with specialized optics for even wall illumination. Trimmed and trimless options allow flexibility when integrating to building architecture.

FEATURES

- Available in 4, 8, and 12 cell configurations
- Provides even illumination on walls with minimal glare
- Interchangeable bevel available in 2 finishes
- Trim flange available in 2 powder coated finishes
- Compatible with R1GNL new construction housing
- Tool-less push mechanism secures trimless body to new construction housing
- Refer to housing instructions for appropriate ceiling cutout dimensions
- 5 year WAC lighting product warranty
